Tragnarion Studios and Titanus Computers announces collaboration.

Tuesday 28th of December, 2010 Mallorca, Spain: Tragnarion Studios today announced its collaboration with Titanus Computers to deliver and help to ensure the best possible experience for PC and consoles gamers.

“We are proud to have provided Tragnarion Studios with optimum configuration in our workstations which, in combination with their expertise has given exceptional results in the development of their video games. All of our workstations are designed with the best and most silent components on the market and provide an optimal and reliable working environment.” said Jose Seisedos, CEO of Titanus Computers.

“Tragnarion is extremely pleased to be working with Titanus Workstation Computers, their machines are designed to enable high performance, industry-leading stability and an intuitive gaming, performance and innovation. By taking advantage of Titanus support we will be able to push even further the technical features of our games, this resulting in a greater player experience.” said Eugenio Vitale, Head of at Tragnarion Studios.

About Tragnarion Studios:

Tragnarion Studios is a one of the biggest game developer company based in Spain focused on bringing highly original and creative titles to home consoles, mobile, and digital download arenas. The company since the beginning has been renowned for its industry-leading creativity and its drive and ability to execute original ideas.
